Closer

I love reveling in being a sicko.
It brings me closer to god

The key to understanding fetish
is a strong aesthetic sense.

There's no place
for mediocrity in fetish play.
It's all or nothing.

It's all about line and propor-
tion and curve and light.
The soft gleam of low
light on the curve of a
leather-encased calf or
forearm.

that's fetish.
